

Izenda's reporting tools integrated into EClaims

Atworkcanada partnered with Izenda to integrate Izenda's Ad Hoc Reports and Dashboard solutions into o2r EClaims Disability Management Network. Our first live test of the new reporting and dashboard tool occurred on November 15th with our partner, York University. The reporting tool surpassed expectations with live reports and integrated dashboards generated in a matter of minutes. Building on this success, the new tool will be fully integrated for all our of partner-clients by December 31, 2012.
